JOHN MODENA

DJ & PRODUCER
PRESSKIT 2024/2025

BIOGRAPHY

John Modena, DJ and producer, was recognized in 2007 for the success of his track "FOREVER" (DJ Center), remixed by David Vendetta and played by numerous international DJs such as Roger Sanchez, Tiesto, and Martin Solveig.

Residing at L'OFFSHORE for 8 years, he mixed in prestigious clubs in France, such as Queen or Mix Club, as well as beyond the borders of France.

His experience and public recognition have allowed him to secure residencies at places like Radio FG and the Clubbing TV tour.

John doesn't stop there; he continually enriches his list of productions in the studio while still performing at clubs and festivals.

In 2018, he collaborated with Robbie Rivera on the "Keep it Together" track signed by Armada Music. He followed up with the track "Give it Time" and the version of "Stand by Me" on Serial Records, remixed by Muttonheads, which would resonate on radios worldwide.

In 2022, he moves towards a more emotional, elegant, and dynamic house sound.

In 2023, a new version of "When Love Takes Over" will be released with Laurent Wolf's remix and the track "Remady" by Scorpio.

John is also a resident DJ on the nights of "Chérie Chérie," FG, and FG Chic.
